The Dragonet Prophecy: But it's Opposite Day ((A WoF RP)) ((Limited Spots!...

autumnsunset52

Hidden among the looping threads of space and time is a particular alternate universe home to a world that contains the continent of Aihrryp, the opposite counterpart of Pyrrhia. In Aihrryp, things are relatively the same- same tribes, same language, same physics, etc… Though, just like it's name, Aihrryp is almost completely opposite from its other-universe counterpart. In this world, personalities have been changed, Queens have become Kings, good has become bad, and war has become peace… Perhaps you could say this is "Fire of Wings".

Unlike Pyrrhia, the seven dragon tribes of Aihrryp have lived in peace for centuries. They have prospered and thrived and war is but a distant thought to them.

One day, however, a NightWing prophetess delivered a prophecy foretelling the end of peace on Aihrryp… This prophecy is known as the "Destroyer's Prophecy"...

When the war has been gone for many years,
The Destroyers will come;
When the land's washed away the blood and tears,
The Destroyers will come;

The SeaWing egg of palest white,
The lava hides the Wings of night,
The smallest egg who's bearer cannot fly,
Will become the Wings of sky,
For Wings of earth laying in the dirt,
It's unhatched claws will kill and hurt,
And out in the open where all can see,
The SandWing egg will set evil free,

Five eggs to hatch on moonless night,
Five dragons born to start the fight,
Darkness will come, to snuff the light,
The Destroyers are coming...

In an attempt to avoid the fulfilling of the prophecy, the NightWing prophetess founded a group known as the "Talons of War". The ToW would be tasked with gathering the prophesied eggs and hiding them away in order to prevent them from destroying peace on Aihrryp, and perhaps the whole world. Instead of shattering the eggs, the ToW decided they would try to raise the "Dragonets of Destruction" (as they were dubbed) to be good and to avoid evil at all costs… So on the darkest night, five eggs were hatched on the tallest peak of Aihrryp-Ruby Mountain, and raised in the caves inside of it. They are forbidden to ever explore the world until the ToW are certain they can be trusted- but even then that's unlikely.

You are one of these Dragonets- prophesied to destroy all love and happiness. Most of the world hates you, even though they don't know where you are. From birth a destiny far too great for you as plagued you wherever you go. The Guardians whisper about you… The world whispers about you…

Some dragons want to destroy peace as well, and they'll do anything to get their talons on you…

But not every dragonet wants a destiny.

General Information

MudWings are very intelligent dragons and are renowned for their contributions to science, math, and philosophy. However, they prefer to be alone and consider their kin to be their greatest enemies.

SandWings are ruled by their King, who is the father to his three sons, who are famous throughout Aihrryp. They are somewhat of a poor tribe.

SeaWings are highly paranoid, especially over animus magic. If an animus hatches, it will be killed the moment it's powers are known. Luckily, animi are rare among SeaWings.

SkyWings are quite friendly dragons who are slow to anger and share much wisdom. They have more interest in the arts than they do war.

The SkyWings have an arena, though this is instead used to showcase dramas, musicals, or sport competitions. Sometimes dragons are forced into these activities against their will and cannot leave until they please the King.
> The Champion is the main actor and star athlete in the Arena. They're very popular and beloved by all, especially the King.

IceWings are a humble tribe who show great respect towards the others. They are known for their kindness and generosity and their value of family.

RainWings are fierce and typically grouchy dragons. They are quick to anger and most of them are extraordinarily witty and smart. They will fight you.

NightWings are a very trustworthy tribe and are famous for their movements in peace and trade on Aihrryp. They have good relations with the IceWings and live on a lush, tropical island that is home to a currently dormant volcano.

Save SandWing Destroyer (ooh what if the dragon of jade mountain is an IceWing who is an animus {they have animus magic because the NightWing allowed a royal to have dragonets with a NightWing animus. Both tribes still have this magic, although it is very common in the IceWings and much less in the NightWings} and used her magic to freeze herself after she used it to take a peek into the future to see what her SandWing/IceWing dragonet would become. She cannot be talked to unless tapped by a special stick which will set her free for five minutes before freezing again.)

Another thing- The Destroyers and the Alternates might meet up

@Quartz: Saved!

My forms as of now-

Name: Summer
Age: 34
Gender: Female
Tribe(s): SeaWing
Rank/Spot: SeaWing Guardian (Opposite of Webs)
Appearance: A strongly built SeaWing with warm teal-blue scales that resemble shallow, coastal water. She has a darker teal streak that's almost black running down her spine and has a pale blue underbelly. She has dark blue eyes and aquamarine glow-stripes. She has black horns.
Personality: Summer is a courageous dragon willing to lay down her life at a moment's notice. She's a fierce fighter, highly passionate, and somewhat quick to anger. The SeaWing doesn't trust the Destroyers and is desperate to do anything to stop them, but she is skeptical if the ToW's plan will really work afterall. To summaries her up, if you need someone to have your back, Summer's the one to ask. However, she also has a strict code of honor and because of this, she'll do anything to do what she thinks is right. If she believes she needs to kill you, she will kill you without hesitattion. She is prone to be emotional, as she dearly misses her husband and daughter.
Powers(?): Normal SeaWing abilities
Family/Crush: She has one daughter, her husband was killed in an "accident".
Shippable?: No
Killable?: Yes...Maybe

adventureclaws329

Name: Seafoam
Age: 6
Gender: Male
Tribe(s): SeaWing
Rank/Spot: Destroyer (Opposite of Tsunami)
Appearance: His scales and wings are white as snow, with silver and turquoise scales creating wave-like designs on his sides. He has light blue eyes and pale blue glow-stripes. The luminescent stripes on his membranes forms wave-like designs, with spiral designs in the middle of his membranes (identification for the Royal family). He has light gray horns.
Personality (At least more than one sentence): Seafoam is gentle, cowardly, a little loyal to his fellow Destroyers. Submissive and compliant, he obeys orders without hesitation…most of the time. He behaves quite shyly and often takes things, like training, with caution. Whenever the other dragonets wants to do something that might be against the Guardians, he usually tries to talk them out of it. He's likes to depend on other dragons and often tries to hang out with Summer, though he's afraid of her and is content with the other dragonets.
Powers(?): Normal SeaWing abilities.
Family/Crush: Umm… Prince of the SeaWing King? And crush... opposite of Riptide?
Shippable?: Yes
Killable?: Maaaaybe? Haven't decided yet.
Other: Opposite Day

Name: Destinykeeper
Age: 6
Gender: Male
Tribe(s): NightWing
Rank/Spot: Peacemaker (Opposite of Fatespeaker)
Appearance: A muscular built NightWing with black scales as dark as the darkest night and lighter black underscales. Has a silver teardrop scale at the corner of each eye. His membranes have very faint silver spots and slightly shines when the light hits them. He has sharp black eyes and black horns.

Personality (At least more than one sentence): Destinykeeper is aggressive. He enjoys fighting, most of the time against the other dragonets, and he usually wins, though he prefers to have more competition. He's not talkative, is compliant at times, and is a realist, thinking the other dragonets are not his friends and are instead, just other dragonets who he finds annoying. Not being talkative, he keeps secrets to himself, even about his powers, and usually tends to stay away from the other dragonets as he is not that friendly either.
Powers(?): Mind-reading and future seer (is that alright?) and normal NightWing abilities
Family/Crush: Don't know... maybe the opposite of Starflight.

Name: Cloudwish
Age: 6
Gender: Male
Tribe(s): SkyWings
Rank/Spot: (Destroyer, King, Guardian, etc...) Destroyer

Appearance: Cloudwish is a reddish-orange SkyWing with bright blue eyes and large wings. His wings are reminiscent of a sunset, fading from orangish-gold to a bright red, and he is small and weak in size. He has dull claws and fangs, and cannot fight for his life. He has a slightly shorter tail for some odd reason.
Personality (At least more than one sentence): Cloudwish cannot stand up for himself. Similar to the SeaWing destroyer (I forgot his name oof), he's submissive and will not try and battle anyone. He has tons of trouble flying (hence "cannot fly" in the prophecy) and bumps into things since he's been in a small cave for so long. He craves the light of the outside world, and doesn't know why his instinct tells him to disobey the guardians that have raised him. He hates how the world views him, and he wants to become a good dragon and toss away his destiny.
